YOUR PRAYERS ARE GROWING!

In the spring I planted two hyacinth bean plants on each side of a trellis. Watching them grow daily, I saw them quiver, viewing the life in them. I wrapped their tentacles around the trellis in order to help them grow upward. Foliage met in the middle and two full plants were ready to bloom. No purple flowers appeared until I gave them a shot of fertilizer. Flowers burst forth abundantly and now little purple bean pods are hanging down making a beautiful archway.

Prayers are like these little plants. There is life in our prayers when we pray in faith, water

with God's Word, nurture and guide them to grow in the right direction. You may have felt your prayers this summer were lifeless but life quivers in those prayers.

Don't give up! BELIEVE. Speak life through God's Spirit to your circumstances. The harvest is coming!

*"I am the vine,
you are the branches.
He who abides in Me,
and I in him,
bears much fruit;
for without Me
you can do nothing."*

John 15:5

Eating the Nectar

“Oh, taste and see that the Lord is good.”

Psalm 34:8

One recent afternoon, bees and butterflies were swarming around a succulent plant in my front yard.

My four year old granddaughter wanted to run away from the bees. I explained the bees love to eat the nectar from the

flowers and dance around the yard with it.

She exclaimed, “Why they are in their playground!”

Whenever we choose to taste from the fruit of God’s pure love—it refreshes us with joy as children on a playground.

We are free to be the children He created ...to run and laugh with our Heavenly Father, trusting Him with our cares and delighting in His presence.

Dancing in His joy we spread His love everywhere we go.

Are you dancing in joy today?

Lord, may my prayers have substance to connect to Your sweet presence. The taste of the Holy Spirit allows me to soar with energy and strength on this day spreading Your joy to others.

**Pray
for the peace of
Israel**
